

QCCA Policies

QCCA Interline Staff Travel

Staff travel perks aren't the same for everyone; subsidiary airline (QCCA) get less than those at the flagship airline (QAL).

Our Proposal

All employees are doing the same job for the same pay, then they should also get equal travel benefits and same interline travel arrangements.

QCCA Compulsory Redundancy Arrangements

We will ensure that the first in and last out formula remains untouched.

Nonetheless, QCCA should be offered redundancy at the same time as QAL and be provided for all categories (FA, BFA, CSS & CSM), which is inclusive and equitable.

Our Proposal

QCCA is financially compensated in line with QAL.
